

EndNote

Discontinued

Please note that Endnote will no longer be supported for by Princeton Theological Seminary. Please contact learning@ptsem.edu for any additional questions, comments or concerns.

PTS allows all students access to EndNote, a bibliography reference and citation software. You will need to be connected to the PTS-Secured-Wireless network to complete this install!

To Find your copy of EndNote

Log in to filr.ptsem.edu

Across the top of the page - choose Net Folders

From that listing - choose Student Software

You'll then see the EndNote Folder - select it

Choose which platform you'll need (Mac or Windows)

Mac:

Click the EndNote X7.3 Site Installer.dmg

This will download the installer package

Once download is complete, you'll want to run the installer

After installer is finished EndNote will automatically open & launch its updater

The updater will download & install latest version

Windows:

Click the END7Inst.msi

This will download the software

Once download is complete, you'll want to download the License.dat file

When that is finished run the END7Inst.msi file

After installer is finished EndNote will automatically open & launch its updater

The updater will download & install latest version

Troubleshooting EndNote

If there is a situation where troubleshooting/how-to is needed please refer student or Faculty to contact academic.technology@ptsem.edu.
