

Zotero

Zotero is a research tool that will allow you to organize, analyze and share sources for research.

Downloading Zotero

This will allow download and install of Zotero application for current running operating system. Zotero's site will automatically determine Mac or PC operating system.

1. Click the Download Zotero for (Mac/Windows) button
2. This will start the download
3. Open/Run the downloaded file

Downloading Zotero - For Web Browser

There are Zotero plug-ins available for Mozilla Firefox, Google Chrome and Safari

1. Choose which browser you'd like to download Zotero for
2. This will start the download
3. Open/Run the downloaded file
4. Restart the browser
5. You'll now have a Zotero icon on the toolbar of the web browser.

Troubleshooting Zotero

If there is a situation where troubleshooting/how-to is needed please refer student or faculty to contact learning@ptsem.edu.
